

No.	Program No.	Name · Affiliation Abstract Title
MP1	3005	Cassandra M. Hidajat (Royal Melbourne Hospital, Victoria, Australia) Blood Loss as a Predictor of Length of Stay in AAA Repair
MP2	3004	Cassandra M. Hidajat (Royal Melbourne Hospital, Victoria, Australia) An Australian Tertiary-Centre Experience of EVAR
MP3	1088	Tanaka Akimitsu (Nagoya Tokushukai General Hospital, Aichi, Japan) A case of aortic valve failure due to leaflet thrombosis after TAVI
MP4	1077	Ojima Eiji (Mito Kyodo General Hospital, Tsukuba University Hospital Mito Clinical Education and Training Center, Ibaraki, Japan) Evaluation of Restenotic Characteristic of Zilver PTX Stent
MP5	1033	Ueyama Chikara (Department of Cardiology, Gifu Prefectural Tajimi Hospital, Gifu Japan) Clinical outcomes of Zilver PTX stent implantation for the complex femoropopliteal artery disease.
MP6	1019	Uemura Yusuke (Anjo Kosei Hospital Cardiovascular Center, Aichi, Japan) Two cases of shrinkage of INNOVATM stent in the endovascular therapy to SFA
MP7	1053	Miura Hideo (Nagano Chuou Hospital, Nagano, Japan) Scoring technique with long balloon inflation and parallel 0.035 wire technique wire
MP8	1046	Nagasawa Yoshinori (Kobe university Hospital Cardiovascular Medicine, Kobe, Japan) The Successful Case of Catheter Directed Thrombolysis for Deep Vein Thrombosis
MP9	1031	Yabe Takayuki (Tokyo General Hospital Cardiovascular Center, Tokyo, Japan) The Efficacy of Distal Embolic Protection by Optimo Balloon Guiding Catheter
MP10	1067	Hayakawa Naoki (Asahi General Hospital, Cardiology, Chiba, Japan) A case of successful revascularization by EVT for Leriche syndrome with 2 vessels coronary CTO
MP11	1082	Horie Kazunori (Sendai Kousei Hospital, Cardiovascular Center, Miyagi, Japan) A Case of Leriche Syndrome with CFA & SFA Occlusions Treated by Hybrid Revascularization
MP12	3007	Veera Suwanruangsri (Maharat Nakhon Ratchasima Hospital) Chimney technique combined with aortoiliac stenting in juxtarenal aortoiliac occlusive disease

No.	Program No.	Name · Affiliation Abstract Title
MP13	3003	Cassandra M. Hidajat (Royal Melbourne Hospital, Victoria, Australia) An Australian Multi-Centre Experience of Catheter-Directed Thrombolysis
MP14	1007	Sumimoto Keiko (Ako City Hospital) A case of acute deep femoral artery occlusion with superficial artery chronic total occlusion
MP15	1038	Hayakawa Naoki (Asahi General Hospital, Cardiology, Chiba, Japan) A Case of complete revascularization by endovascular treatment for CLI patient after ALI
MP16	1107	Sakurai Masayuki (Ootakanomori Hospital Division of Cardiology, Chiba, Japan) Successful limb salvage for CLI patient with double CTO at left EIA and SFA
MP17	1069	Araki Hiroshi (Showa University Northern Yokohama Hospital Division of Cardiology and Catheterization Laboratories, Yokohama, Japan) IVUS can tell the risk of vessel rupture even if SFA intervention
MP18	1020	Honda Yohsuke (Saiseikai Yokohama-City Eastern Hospital, Yokohama, Japan) Safety and efficacy of thrombin injection to manage access site complication
MP19	1015	Chatani Kenichi (St. Marianna University School of Medicine, Kawasaki, Japan) Sequential Observation of Angio-Seal-induced Acute Limb Ischemia via Intravascular ultrasound
MP20	1084	Asato Tetsuya (Miyazaki Medical Association Hospital Cardiovascular Center) Novel antegrade plantar artery puncture technique for anterior tibial artery revascularization
MP21	1103	Ogata Kenji (Miyazaki Medical Association Hospital) A novel angio-guided hemostasis technique for pseudo-aneurysm after the intervention
MP22	1072	Tobita Kazuki (Department of Cardiology, Shonan Kamakura General Hospital) New Switch Back Technique from the One Puncture Site of Femoral Artery
MP23	1106	Kadoya Yoshito (Department of Cardiovascular Medicine, Graduate School of Medical Science, Kyoto Prefectural University of Medicine) A Novel Contralateral Cross-over Technique by Using 0.018-inch System
MP24	1080	Adachi Akira (Division of Radiology, Department of Pathophysiological and Therapeutic Science, Tottori University, Tottori, Japan) Limb disconnection of a Zenith stent graft at 7 years after the placement: a case report

No.	Program No.	Name · Affiliation Abstract Title
MP25	1099	Yasuhara Kentaro (Tsuyama Chuo Hospital Cardiovascular Center, Okayama, Japan) A case of arteriocaval fistula treated by aortic and inferior vena cava stent-graft placement.
MP26	1002	Mizukami Hiroyuki (Jusendo General Hospital, Koriyama, Japan) A case of CTO lesion of rt. SFA which observed time progress after EVT
MP27	1021	Takafuji Hiroya (Department of Cardiology, Tokushima Red Cross Hospital, Tokushima, Japan) A useful case of stenting for recurrent central venous valve stenosis in hemodialysis patient
MP28	1036	Yatomi Atsusuke (Department of Cardiology, Kakogawa Central City Hospital, Hyogo, Japan) A case of EVT was useful for the left brachiocephalic vein stenosis in hemodialysis and lung cancer.
MP29	1037	Miyabe Akira (Kawakita General Hospital Cardiovascular Center, Tokyo, Japan) Successful Treatment of Paget-Schroetter Syndrome by Using Peripherally Inserted Central Catheter
MP30	1093	Nakamura Masayuki (Nagoya Tokusyukai General Hospital Department of Cardiology, Nagoya, Japan) A Case of Coverage of the Celiac Artery During TEVAR.
MP31	1096	Tanaka Akimitsu (Nagoya Tokushukai General Hospital, Aichi, Japan) A case of massive mediastinal hematoma caused by aorto-pulmonary fistulation 2 years after TEVAR.
MP32	1076	Moriguchi Akira (Shioda memorial hospital, Chiba, Japan) Six cases of acute lower limb ischemia had major irreversible ischemic limb changes at presentation
MP33	1091	Yamamoto Ryusuke (Komatsu Municipal Hospital) Successful EVT for thrombotic occlusion using aspiration catheter and biopsy forceps.
MP34	1048	Taminishi yunta (Omihachiman community medical center Department of Cardiology) EVT in patient with CLI who has total occlusion of abdominal Aorta with severe calcification
MP35	1010	Kato Taku (Department of Cardiology, Rakuwakai Otowa Hospital, Kyoto, Japan) Contralateral Approach after Y-grafting using New-designed Guiding Sheath and Pull-through Technique
MP36	1027	Hoshimoto Koichi (Yokohama general hospital heart center) Is this case CLI or Blue toe syndrome?

No.	Program No.	Name · Affiliation Abstract Title
MP37	1032	Osada Kimihiro (Kawakita General Hospital, Tokyo, Japan) Ultrasound guided EVT of distal bypass graft for a patient with Critical Limb ischemia
MP38	1056	Makino Kenji (Saiseikai Yokohama City Eastern Hospital, Yokohama, Japan) Predictors of Successful Tibial Artery Endovascular Interventions for CTO Lesions in CLI
MP39	1100	Kanemura Noriyoshi (Kainan Hospital) A case of angioplasty for severe stenosis with severe calcification of both common iliac arteries
MP40	3001	Wonho Kim (Division of Cardiology, Eulji University Hospital, Eulji University School of Medicine, Daejeon, South Korea) Prophylactic Vena Cava Filter Implantation with Catheter Directed Thrombolysis for Vein Thrombosis
