

JET 2020 Program Detail

Session No A1	
Friday, February 21, 2020 09:00-10:30 Hall A	
Theme	Main live demonstration#1
Sub-theme	Fight for calcified FPA disease
Co-sponsors: W.L. GORE&ASSOCIATES, CO., LTD. / Century Medical, Inc. NIPRO CORPORATION	

Language	English
MODERATOR	Masato Nakamura
MODERATOR	Naoto Inoue
FACILITATOR	Masahiko Fujihara
PANEL	Shin Okamoto
PANEL	Yoshito Yamamoto
PANEL	Masanori Inoue
PANEL	Giancarlo Biamino
PANEL	I-Ming Chen
PANEL	Jen Kuang Lee
Operator	Osamu Iida
Kansai Rosai Hospital	VIABAHN for calcified FPA disease CASE 01 Calcification
Operator	Hiroshi Ando
Saiseikai Nakatsu	SUPERA for calcified FPA disease CASE 02 Calcification

Theme; EVT for calcified FPA disease remain still an unsolved issue. To keep long term durability, getting the luminal gain is vital. After the aggressive preparation, how to implant mechanical scaffold device for calcified lesion?

SFA 治療の最大の敵である石灰化、慢性期開存率を維持するにはいかに大きなゲインをとるかが鍵。トップオペレーターのアグレッシブな Prep は必見。破ってバイアバン？ SUPERA って留置が難しいよね？ どうするの？

Short Lecture	Speech (min)	Title and Speaker
1.	6	Where should we go with Viabahn stent graft? I-Ming Chen
2.	6	Is Supera stent alternative to drug solution? Shin Okamoto

JET 2020 Program Detail

Session No A2		
Friday, February 21, 2020 10:30-12:00 Hall A		
Theme		Main live demonstration#2
Sub-theme		Japanese style Prep.& DCB
Co-sponsors: Medtronic Japan Co., Ltd. / Medicon, Inc		
Language		English
MODERATOR		Yoshiaki Yokoi
MODERATOR		Kazushi Urasawa
FACILITATOR		Makoto Utsunomiya
PANEL		Kazunori Horie
PANEL		Masatsugu Nakano
PANEL		Shuichi Seki
PANEL		Peter Schneider
PANEL		Andrej Schmidt
PANEL		Young guk Ko
Operator		Yoshimitsu Soga
Kansai Rosai Hospital		DCB (IN.PACT) CASE 03 DCB
Operator		Amane Kozuki
Saiseikai Nakatsu		DCB (Lutonix) CASE 04 DCB
Theme; Appropriate Prep. for DCB –How to make minimize dissection. / How to use IVUS for DCB strategy		
SFA 治療のデバイスたくさんあるけどやっぱり異物は残したくないと思っているあなた！どうすれば解離を最小限にできるの？IVUS では何を指標にしたらいい？多くの経験よりわかったトップオペレーターによる DCB 治療の極意お見せします！		
Short Lecture	Speech (min)	Title and Speaker
1.	6	Five-year safety and efficacy of IN.PACT DCB Tx for PAD patients with femoropopliteal lesions Peter Schneider
2.	6	A closer look at the benefit of Lutonix DCB Tx in complex femoropopliteal lesions Andrej Schmidt

JET 2020 Program Detail

Session No A3	
Friday, February 21, 2020 13:40-15:10 Hall A	
Theme	Main live demonstration#3
Sub-theme	IVUS guided DES
Co-sponsors: Boston Scientific Japan K.K. / Cook Japan Incorporated Cardinal Health Japan	

Language	English
MODERATOR	Daizo Kawasaki
MODERATOR	Takao Ohki
FACILITATOR	Masahiko Fujihara
PANEL	Takuya Haraguchi
PANEL	Toshifumi Kudo
PANEL	Kentaro Matsubara
PANEL	Carlos Mena
PANEL	Parikh, Sahil A.
PANEL	Dinh Huynh Linh
Operator	Osamu Iida
Kansai Rosai Hospital	DES(Eluvia) CASE05 ELUVIA DES
Operator	Amane Kozuki
Saiseikai Nakatsu	Zilver PTX CASE06 ZILVER PTX

Theme; How do you choose DES from 2 types? / Efficacy of IVUS guided stenting for FP diseases.

SFA のストラテジー色々あるけど DCB 治療は解離の残存も気になるし DES 入れとけば安心だよね？2つのテクノロジーをもつ DES の使い分け、留置術について IVUS を使って詳しく解説します。

Short Lecture	Speech (min)	Title and Speaker
1.	6	Two-Year Japanese Results from the IMPERIAL Randomized Study of Eluvia versus Zilver PTX Osamu Iida
2.	6	Zilver PTX drug-eluting stent treatment does not result in increased long-term all-cause mortality Carlos Mena

JET 2020 Program Detail

Session No A4		
Friday, February 21, 2020 15:40-17:10 Hall A		
Theme		Main live demonstration#4
Sub-theme		Unsolved Issue for CLI
Co-sponsors: KANEKA MEDICAL PRODUCTS. / Medtronic Japan Co., Ltd. / ASAHI INTECC J-sale / Orbusneich Medical K. K. / Boston Scientific Japan K.K.		
Language		English
MODERATOR		Masato Nakamura
MODERATOR		Naoto Inoue
FACILITATOR		Tatsuya Nakama
PANEL		Masashi Fukunaga
PANEL		Takashi Miura
PANEL		Koji Hozawa
PANEL		Ehrin J. Armstrong
PANEL		Steven Kum
PANEL		Veera Suwanruangsri
Operator		Yoshimitsu Soga
Kansai Rosai Hospital		FP + BTK lesion with CLI CASE07 CLI (FP+BK)
Operator		Hiroshi Ando
Saiseikai Nakatsu		FP + BTK lesion with CLI CASE08 CLI (FP+BK)
Theme; Do we need care about the downstream effect of DCB in CLI cases? / Technics of BTK-EVT		
FP+BTK 合併の CLI 症例の治療.傷を治すにはステントで血流量確保?でも ADL の低い CLI の人って再閉塞し易い印象が。DCB は遠位塞栓が心配だし。教えて！		
Short Lecture	Speech (min)	Title and Speaker
1.	6	Microvascular Assessment After Intervention as a Predictor of Wound Healing in Patients with Tissue Loss Masashi Fukunaga
2.	6	The latest technique for BTK revascularization; that's Steven's style! Steven Kum

JET 2020 Program Detail

Session No A5		
Friday, February 21, 2020 17:10-18:40 Hall A		
Theme		Main live demonstration#5
Sub-theme		Master live for complex lesion (no sponsored live)
Language		English
MODERATOR		Hiroyoshi Yokoi
MODERATOR		Akira Miyamoto
FACILITATOR		Michinao Tan
PANEL		Yusuke Tomoi
PANEL		Kentaro Jujo
PANEL		Taketsugu Tsuchiya
PANEL		Jun Li
PANEL		Roberto Ferraresi
PANEL		Chul-Min Ahn
Operator		Osamu Iida
Kansai Rosai Hospital		Complex Lesion (including Ao) CASE09 Complex (including Ao)
Operator		Kazushi Urasawa
Saiseikai Nakatsu		Complex Lesion (including Ao) CASE10 Complex (including Ao)
Theme; This is non-sponsored LIVE. Fight complex lesion with operator’s favorite devices!!		
実は皆さんこういう症例で悩まれていませんか？日常臨床で遭遇する複雑病変！トップオペターの一番信頼しているデバイスで治療します。		
Short Lecture	Speech (min)	Title and Speaker
1.	6	Fullmetal versus spot stenting strategy in femoropopliteal intervention in the era of IVUS routine-use Yusuke Tomoi
2.	6	Final words for BTK revascularization based on long history of endovascular challenging for CLI Roberto Ferraresi

JET 2020 Program Detail

Session No A6		
Saturday, February 22, 2020 9:00-10:30 Hall A		
Theme		Main live demonstration#6
Sub-theme		Trend for Ao-Iliac disease
Co-sponsors: W.L. GORE&ASSOCIATES, CO., LTD. / TERUMO CORPORATION		
Language		English
MODERATOR		Osamu Iida
MODERATOR		Nobuyoshi Azuma
FACILITATOR		Tatsuya Nakama
PANEL		Norihiko Shinozaki
PANEL		Ryoichi Kyuragi
PANEL		Shigeo Ichihashi
PANEL		Ralf Langhoff
PANEL		Donghoon Choi
PANEL		Zhu Ting
Operator		Masahiko Fujihara
Kishiwada Tokushukai		Covered Stent for AIOD
		CASE11 Covered Stent for AIOD
Operator		Daizo Kawasaki
Morinomiya Hospital		Terumo(R2P)
		CASE12 Trans radial iliac intervention
Theme; How to use VBX / New access site “Trans-radial” for Ao-Iliac disease		
大動脈腸骨動脈病変は大事な足の血流の入り口。VBX の適応症例、サイジングがいまいち分からない貴方に必見。最近 Radial からのデバイス開発が進んでいるらしい、Radial でどこまでできるのかお見せします！		
Short Lecture	Speech (min)	Title and Speaker
1.	6	Where should we go with VBX in the era of endo-first strategy? Ryoichi Kyuragi
2.	6	Will Trans radial approach be attractive alternative to traditional femoral approach? Norihiko Shinozaki

JET 2020 Program Detail

Session No A7		
Saturday, February 22, 2020 10:30-12:00 Hall A		
Theme		Main live demonstration#7
Sub-theme		Fight for calcified FP
Co-sponsors: Boston Scientific Japan K.K. / Century Medical, Inc. NIPRO CORPORATION		
Language		English
MODERATOR		Osamu Iida
MODERATOR		Kazushi Urasawa
FACILITATOR		Kenji Suzuki
PANEL		Kazuki Tobita
PANEL		Kan Zen
PANEL		Naoki Fujimura
PANEL		Chung-Ho Hsu
PANEL		Po Jen Ko
PANEL		Sorracha Rookkapan
Operator		Masahiko Fujihara
Kishiwada Tokushukai		DES(Eluvia)
Operator		Daizo Kawasaki
Morinomiya Hospital		Interwoven stent (SUPERA)
Theme: Possibilities of Eluvia and SUPERA stent in calcified lesions		
最大の敵である石灰化、慢性期開存率を維持するには SUPERA か New DES か！New DES って石灰化にも良いて聞くけど本当？近位部の石灰化病変って SUPERA おけるの？		
Short Lecture	Speech (min)	Title and Speaker
1.	6	Is ELUVIA DES a final answer for femoropopliteal intervention? Chung-Ho Hsu
2.	6	My Supera strategy in calcified femoropopliteal intervention Kazuki Tobita

JET 2020 Program Detail

Session No A8		
Saturday, February 22, 2020 13:30-14:50 Hall A		
Theme		Main live demonstration#8
Sub-theme		Combined EVT for FP disease
Co-sponsors: Medico's Hirata Inc. / Medicon, Inc Philips Japan, Ltd. / Cardinal Health Japan		
Language		English
MODERATOR		Yoshiaki Yokoi
MODERATOR		Yoshimitsu Soga
FACILITATOR		Michinao Tan
PANEL		Hideyuki Takimura
PANEL		Nobuhiro Suematsu
PANEL		Amane Kozuki
PANEL		Lawrence A. Garcia
PANEL		Ramon Varcoe
PANEL		Yin Chun Skyi,Pang
Operator		Tatsuya Nakama
Kishiwada Tokushukai	Combined EVT (BIOMIMICS + IN.PACT) CASE15 Combined EVT	
Operator		Makoto Utsunomiya
Morinomiya Hospital	Combined EVT (LIFE + Lutonix) CASE16 Combined EVT	
Theme; Potential of combination therapy using 2 different types of devices for FP diseases		
SFA 病変って場所によって病変形態も違うし、効果を発揮するデバイスって違うと思います。コンビネーションデバイス治療ってアリって思うんですけどみんなで議論しませんか？		
Short Lecture	Speech (min)	Title and Speaker
1.	6	Once you start using duplex guided CTO revasc, YOU CAN'T STOP. Hideyuki Takimura
2.	6	What does REALITY study tell us? Lawrence A. Garcia

JET 2020 Program Detail

Session No A9		
Saturday, February 22, 2020 14:50-16:20 Hall A		
Theme		Main live demonstration#9
Sub-theme		Final decision of Endpoint
Co-sponsors: KANEKA MEDICAL PRODUCTS. / Boston Scientific Japan K.K. ASAHI INTECC J-sale / Orbusneich Medical K. K./ Japan Lifeline Co., Ltd.		
Language		English
MODERATOR		Shinsuke Nanto
MODERATOR		Shigeru Nakamura
FACILITATOR		Terutoshi Yamaoka
PANEL		Osami Kawarada
PANEL		Yuki Imoto
PANEL		Hiroshi Ando
PANEL		Marco Manzi
PANEL		Su Hong Kim
PANEL		Chi-Yen Wang
Operator		Tatsuya Nakama
Kishiwada Tokushukai		BTK lesion with CLI CASE17 CLI
Operator		Makoto Utsunomiya
Morinomiya Hospital		BTK lesion with CLI CASE18 CLI
Theme; Final answer!! Endpoint of BTK-EVT / Techniques in CLI cases		
CLI のエンドポイントって色々言われているけど結局何がいいの？それとも症例によって使い分けるべき？皆さん如何しています？		
Short Lecture	Speech (min)	Title and Speaker
1.	6	The latest technique for BTK-BTA revascularization; that's Marco's style! Marco Manzi
2.	6	Tip and tricks of retrograde puncture, I CAN PUNCTURE COLLATERAL ARTERY as the site for retro-approach Yuki Imoto

JET 2020 Program Detail

Session No A10		
Saturday, February 22, 2020 16:50-18:20 Hall A		
Theme		Main live demonstration#10
Sub-theme		Master live for complex lesion (no sponsored live)
Language		English
MODERATOR		Osamu Iida
MODERATOR		Masato Nakamura
FACILITATOR		Kenji Suzuki
PANEL		Nobuhito Kaneko
PANEL		Yusuke Miyashita
PANEL		Tatsuki Doijiri
PANEL		Ravish Sachar
PANEL		Mehdi H. Shishehbor
PANEL		Min Ku Chon
Operator		Masahiko Fujihara
Kishiwada Tokushukai	Complex Lesion (including Ao) CASE19 Complex (including Ao)	
Operator		Daizo Kawasaki
Morinomiya Hospital	Complex Lesion (including Ao) CASE20 Complex (including Ao)	
Theme; JET2020’s final round. This is non-sponsored LIVE. Fight complex lesion with operator’s favorite devices!!		
JET2020 の最終決戦、実は皆さんこういう症例で悩まれていませんか？日常臨床で遭遇する複雑病変！トップオペレーターが一番信頼しているデバイスで治療します。		
Short Lecture	Speech (min)	Title and Speaker
1.	6	Be endovascularist! Where there's a will, there's a way Nobuhito Kaneko
2.	6	My conclusion for Paclitaxel issue, it is no longer evidence (Kiss me Paclitaxel!) Mehdi H. Shishehbor

JET 2020 Program Detail

Session No A11			
Sunday, February 23, 2020 9:00-10:30 Hall A			
THEME		日本フットケア・足病医学会 × JET	
Sub-THEME		Yes! We are Podiatrists!! WIFI classification に応じた治療戦略	
Language		Japanese	
MODERATOR		大浦 紀彦	
MODERATOR		仲間 達也	
MODERATOR		東 信良	
PANEL		寺部 雄太	
PANEL		佐藤 精一	
PANEL		菊池 守	
Time	Speech (min)	QA (min)	Title and Speaker
09:00-	3		Introduction
			血行再建医が創傷に関心を持つべき理由 仲間 達也
09:03-	6	4	創傷治癒というアウトカムを知り論文という客観的なデータに繋がった 毛利 晋輔
09:13-	6	4	創傷治癒に関わる事で血行再建に関する新しいコンセプトを思いついた 福永 匡史
09:23-	6	4	栄養状態を始め、血行再建以外の事にも興味が出てきた 久良木 亮一
09:33-	6	4	ついにカテをも手放し、往診のために開業してしまった 登坂 淳
09:43-	6	4	血管外科医からみた CLI 創傷管理 児玉 章朗
09:53-	6	4	血行再建医に知ってほしい、創傷治癒促進のためにできること 藤井 美樹
10:03-	20		創傷治癒を考えた血行再建とは何か？ All members
10:23-	3		Conclusion and Summary 創傷治癒を考えた血行再建とは何か？ 創傷専門医は何を求めるのか？ 大浦 紀彦

JET 2020 Program Detail

Session No A12			
Sunday, February 23, 2020 10:30-12:00 Hall A			
THEME		日本フットケア・足病医学会 × JET	
Sub-THEME		Yes! We are Podiatrists!! 創傷治癒率を改善させるために、再発を防ぐために	
Language		Japanese	
MODERATOR		寺師 浩人	
MODERATOR		仲間 達也	
PANEL		登坂 淳	
PANEL		堀江 和紀	
PANEL		岡村 高雄	
Time	Speech (min)	QA (min)	Title and Speaker
10:30-	3		Introduction フットケアと足病医療を取り巻く 10 年 ―何が変化した 10 年で、 そしてこれからの 10 年に何を求められるのか
			寺師 浩人
10:33-	6	4	施設を超えた救肢への取り組みはどう変わったか ～J-WALK の 10 年～ 宮本 明
10:43-	6	4	足病を完結できる病院での取り組みはどうあるべきか 佐藤 精一
10:53-	6	4	足病医のいない日本で、立ち上げた足病専門病院の役割 菊池 守
11:03-	6	4	アウトカムの変化: 大切断回避から創傷治癒、そして歩行維持へ 寺部 雄太
11:13-	6	4	コメディカルの地域での盛り上がりは、何を变えたのか 石橋 理律子
11:23-	6	4	血管内治療での血行再建は、この 10 年で大きく進歩したのか？ 河原田 修身
11:33-	20		足病医がいない日本で、CLTI の診療はどこへ向かうのか All members
11:53-	3		Conclusion and Summary フットケア・足病医学会と JET がこれから見据える先にあるもの 仲間 達也
