

# JETOPEN Digital Poster

Registration No.	Presentati on No.	Day	Abstract title / Case title
60001	MP-1	May26(Fri)-28(Sun)	May Turner Syndrome unique presentation with OCP consumption
60002	MP-2	May26(Fri)-28(Sun)	Endovascular treatment for postoperative carotid artery occlusion after carotid endarterectomy
60003	MP-3	May26(Fri)-28(Sun)	Risk factors of periprocedural complications of carotid artery stenting a multivariate analysis of a single-center experience
60033	MP-4	May26(Fri)-28(Sun)	A Study of the Usefulness of Stent Grafts (VIABAHN) in the Treatment of artificial vessel Shunt
60036	MP-5	May26(Fri)-28(Sun)	A case of Leriche syndrome in which different IVUS findings were confirmed in the same patient’s bilateral iliac arteries.
60041	MP-6	May26(Fri)-28(Sun)	Successful endovascular therapy for acute aortic occlusion in chronic phase: A case report
60043	MP-7	May26(Fri)-28(Sun)	A case of complex lesions for which treatment could be performed in one session but selection of approach site was difficult.
60044	MP-8	May26(Fri)-28(Sun)	A case of Acute Limb ischemia followed by Covid-19 infection
60049	MP-9	May26(Fri)-28(Sun)	Percutaneous Forgarty catheter thrombectomy for intravenous intervention
60051	MP-10	May26(Fri)-28(Sun)	Three year clinical outcomes of polymer coated paclitaxel eluting stents and drug coated balloons in patients with femoropopliteal artery disease
60053	MP-11	May26(Fri)-28(Sun)	A rare case of an aortic arch stent causing central vein stenosis
60061	MP-12	May26(Fri)-28(Sun)	"Twist and pull" for stuck dialysis central venous catheter: case series in KCMH, THAILAND.
60077	MP-13	May26(Fri)-28(Sun)	A case of stent elongation due to stent failure in FP lesions.
60089	MP-14	May26(Fri)-28(Sun)	An unusual mechanism of a mid-SFV DVT arising after cyanoacrylate glue treatment for LSV incompetence
60099	MP-15	May26(Fri)-28(Sun)	A Case of Iatrogenic Subclavian Artery Injury Successfully Treated with Endovascular Treatment with a Stent Graft.
60082	MP-16	May26(Fri)-28(Sun)	Where to put sheath in when ipsilateral or contralateral CFA is not possible.
