

# JET 2020 Program Detail

Session No B0			
Thursday, February 20, 2020 17:30-20:00 Hall B			
THEME		JET expert program (Pre-session)	
Language		English	
MODERATOR		Masato Nakamura	
MODERATOR		Masahiko Fujihara	
PANEL		Michinao Tan	
PANEL		Shigeo Ichihashi	
PANEL		Donghoon Choi	
PANEL		Jackie Ho	
Time	Speech (min)	QA (min)	Title and Speaker
17:30-	3		Introduction <b>Masato Nakamura</b>
17:33-	6	4	Let's start JET2020, the latest data from Japanese peripheral intervention field <b>Iida Osamu</b>
17:43-	6	4	Peripheral atherectomy strategy for optimal vessel preparation <b>Chul-Min Ahn</b>
17:53-	6	4	The cause of death and its influencing factors after EVT of FPA disease <b>Yoshiteru Kato</b>
18:03-	6	4	My strategy of heavily calcified femoropopliteal lesions <b>Jen Kuang Lee</b>
18:13-	6	4	The patency rate of DCB and Viabahn compare with a standard bare nitinol stent <b>Takashi Saito</b>
18:23-	6	4	Lesion preparation with directional atherectomy in DCB era <b>Yin Chun Skyi, Pang</b>
18:33-	6	4	Twelve months clinical outcomes after DCB focus on distal emboli by laser doppler flowmetry <b>Kuniyoshi Fukai</b>
Rest			
MODERATOR		Hiroyoshi Yokoi	
MODERATOR		Makoto Utsunomiya	

<b>PANEL</b>			<b>Kenji Suzuki</b>
<b>PANEL</b>			<b>Naoki Fujimura</b>
<b>PANEL</b>			<b>Giancarlo Biamino</b>
<b>PANEL</b>			<b>Po-Jen Ko</b>
<b>Time</b>	<b>Speech (min)</b>	<b>QA (min)</b>	<b>Title and Speaker</b>
<b>18:48-</b>	<b>6</b>	<b>4</b>	The latest evidence and techniques in Asia pacific <b>Su Hong Kim</b>
<b>18:58-</b>	<b>6</b>	<b>4</b>	The comparison of endovascular and surgical repair in non-stenting zone <b>Masanobu Sato</b>
<b>19:08-</b>	<b>6</b>	<b>4</b>	Successful endovascular stenting in a case of Nutcracker syndrome <b>Keerati Hongsakul</b>
<b>19:18-</b>	<b>6</b>	<b>4</b>	3D-IVUS guided wiring for complex CTO lesions <b>Takuma Tsuda</b>
<b>19:28-</b>	<b>6</b>	<b>4</b>	Endovascular works combined atherectomy and drug-device in Taiwan <b>Wu Tien-Yu</b>
<b>19:38-</b>	<b>6</b>	<b>4</b>	High pressure balloon angioplasty with Crosser system for non-stenting zone <b>Masashi Nakao</b>
<b>19:48-</b>	<b>6</b>	<b>4</b>	How to manage multi-level vessel disease; the strategy and devices in Vietnam <b>Dinh Huynh Linh</b>
<b>19:58-</b>	<b>3</b>		Conclusion and Summary <b>Hiroyoshi Yokoi</b>

**Theme;** Joint Session of the expert program with Asian doctors; This JET expert program is to introduce the latest topics coming from Asia colleagues. Dr. Osamu Iida gives the opening lecture about latest evidence of endovascular intervention, and Dr. Su Hong Kim tells us what's going on in Asian-Pacific regions in the endovascular field. After this two-keynote lecture, the exciting result and cases will be presented from Japan and Asian.

恒例の JET Expert Program。日本とアジアの新進気鋭の EVT Dr.によるクロスボーダーセッションの一つで JET2020 の Pre Session です。飯田修先生、Dr. Su Hong Kim に Asia Pacific の最新のエビデンス・テクニックについて基調講演いただきアジア Dr からは興味深い症例についてディスカッションを行います。
